

INOX Smart helps senior living communities provide residents and staff with a safer, more dignified way to move freely while maintaining peace of mind for families and caregivers.

THE CHALLENGES

• Resident Safety:

Prevent wandering, unauthorized access, or propped door incidents while maintaining a welcoming environment

• Ease of Access:

Residents and staff need simple, keyless solutions that aren't easily lost or compromise independence

• Staff Efficiency:

Manual lock management and constant key changes take time away from resident care

• Operational Oversight:

Administrators need visibility into who accessed which areas, and when, for safety and accountability

• Compliance & Design:

Facilities must meet ADA accessibility and life-safety standards while maintaining a warm, residential aesthetic

INOXSMART.COM

Senior Living Smart Access Management with Dignity and Care

SOLUTION-BASED FEATURES

Safety, Dignity, and Ease

- Keyless entry means no keys to lose or fumble with
- Simple codes, fobs, or wristbands for residents and staff
- Auto-locking and door-left-open alerts enhance peace of mind
- Elegant, home-like hardware designed for comfort and ADA compliance

Safety You Can Trust, Control You Can See

- Assign temporary access for caregivers, maintenance, or vendors
- Maintain a full audit trail of who entered, when, and where
- Receive door-propped and forced-entry alerts instantly
- Use zone-based access to prevent wandering in memory care

Streamlined & Efficient Facility Management

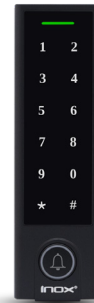

- Manage all locks, readers, and users from one central dashboard
- Remotely monitor, lock, or unlock any door in real time
- Scales effortlessly across hundreds of units or buildings
- Reliable, low-maintenance platform backed by a single source of support
